

Doors to endless possibilites

Up to 2 x 5 m

Maximum door leaf dimensions 2 x 5 m. Each construction may be additionally extended by fixed elements or by glazing.

Up to 500 kg

This impressive maximum door leaf weight enables us to experiment with a variety of finishes, disregarding their weight.

Two-sided

Possibility of upgrading the door leaf for inwards and outwards opening.

Technology

State-of-the-art technology and innovative fixing system ensure top quality of performance and use, as well as smooth door opening, disregarding the weight of the door leaf.
